cord the date, trip name, activity miles and class level on the top
of this form before it is signed by the hikers. The information on
the Trip Report is used to collect data on how many members
and guests went on our trips over the previous year. The volume
information can also indicate where we need to add or decrease
trip activity. The middle section, which tells about the trip, is a
good place to mention any problems with the trail, such as
downed trees, wash outs, etc. so the Trip Leader can pass this
information on to other leaders. The lower section is very impor-
tant! It lets us know if anyone was hurt during the trip.

Thanks again for volunteering to host and lead. Sincerely, The
Lodge and Trip Committees.

NEW WILDERNESS FOR MOUNT HOOD & GORGE

President Barack Obama signed the Omnibus Public Lands
Management Act on March 30, 2009, marking the final step for
expanded wilderness protection in Oregon. The legislation ex-
pands the Mount Hood and Mark O. Hatfield Wildernesses, cre-
ates new wilderness for Copper Salmon, Soda Mountain, Spring
Basin and Badlands and designates National Recreation Areas
and additional Wild and Scenic Rivers.

In addition to permanently protecting wildlands where we hike
and backpack from logging and road building, the legislation has
some specific effects for the Trails Club.

At Nesika, the Larch Mountain addition to the Mark O. Hatfield
Wilderness means that all land on the right (east) side of the
Multnomah Basin road from the brown gate to the end of the
road, on the right (east) side of the tractor trail from the end of
the road to the Trails Club property boundary, and on the east
side of the Trails Club property is now Wilderness.

At Tye, the land exchange with Cooper Spur means that we
eventually might have some new neighbors to the west of West
Leg Road. The legislation calls for new appraisals of the areas
involved in the land exchange and should be completed in the
next 1½ years. One of the Government Camp tracts designated
for exchange is just west of the Summit Ski Area and above the
area that currently has houses. Portions of the Alpine, Crosstown
and Glade ski trails go through the tracts identified for exchange.
Some 240 miles of trails are now protected in the newly desig-
nated areas, including the National Recreation Areas. Forest
Service wilderness regulations mean that group size will be lim-
ited to 12 on many trails often used by the Trails Club. Trip lead-
ers will need to find out whether wilderness regulations apply to
the trail they are using. Guide books will be out of date until new
editions are published. We'll get the database on the TCO web-
site updated as soon as the information is available.

To see detailed maps of the new Wilderness lands, visit the
Oregon Wild website at [http://www.oregonwild.org/wilderness/

View from Nesika

The heavy snows of late December still linger on Palmer Mill Road. We had to cancel the April work trip because we couldn't drive in. Groups of TCO folks continue to hike to Nesika and report that all in all, things look pretty good. We'll be open in May for sure as the weather continues to warm. Our list of project hasn't gotten any smaller and we need all the help we can get. Please consider making a day trip or over night stay during one of the scheduled work parties. What could be more fun than driving a few nails or cutting a little brush? We promise good food from dedicated cooks and the camaraderie of fellow TCO folks.

Trails Traveled

Snowshoe Trip

After a week of rain it turned out to be a magnificent day for the last snowshoe trip of the season. Allen Burrell lead a group of 8 up the Tilly Jane Trail, reversing the traditional loop and returning via Pollalie Ridge to the parking lot at Cooper Spur. Ascending just over 3000 feet to the treeline at 6150 feet, the 8 miles were a glorious culmination of a terrific snow season. This trail however, has changed tremendously from last year; the charred trees of the Gnarl Ridge fire casts beautiful shadows and gave us terrific views of the mountains around us. Everyone took turns summing up the beauty of this day with their own adjective: fabulous, enchanting, magical, awesome, the trees have jewelry on (icicles), stunning, incredible, supercalifragilisticexpialidocious and Max shouted "my cheeks are going to hurt tomorrow because I'm smiling so much all day!"

Gresham Springwater Trail hike on April 3.

We set out from the back (south) parking lot of Gresham's Main City Park. As we were gathering, the Little League ball players were beginning to show up for the day's festivities. We left in sunny weather heading west on the trail. Along the way we heard frogs singing in the springtime, saw birds and deer along the trail, and even came across some interpretive signs. Our first stop was at the rail depot near the historic site of Cedarville (two businesses in the area still bear the name, Cedarville Park/ Club Paesano, and Cedarville Inn, a tavern just across the street from the trail). We continued on past Wood Ducks and

Mallard swimming in a backwater of Johnson Creek and made it all the way around a closed portion of the trail just shy of Powell Butte. We snacked on our lunches and then set out back to the park. Overall, the day was just right for a stroll.

Tidbits from the Past

From the August 1939 Trail Blazer

WORK AND PLAY: The Lodge Committee has again made a hit with those who attended the last work trip. Perfect weather, comradeship and a bill-of-fare fit for a king rewarded those present. For a paltry 49c (with a profit of \$1.90 to boot) hot cakes, scrambled eggs and bacon, fruit juices and coffee were served for breakfast, and Swiss steak, escalloped potatoes, string beans, beets, green vegetables, rasp-berry cobbler and coffee for dinner. Wait -- That's not all! For the work-ers (no drones allowed), a 10 o'clock pickup of lemonade and strawberry tarts was provided

From the March 1944 Trail Blazer:

April 1-2, Nesika Trail Building Trip - Plans are being made to develop a few more trails from our lodge. Building trails is fun especially with the T.C. gang. Everyone is invited to come up and make his mark. If you can't come for Saturday evening, Sunday morning is still good. Don't be an April fool and miss this trip. Transportation arrangements are important. Call Henry Waespe, TR 1758. (Thanks, Ken)

Let's Talk About

Tyee Anniversary

June 18, 2009, will mark 60 years since "that bright spring day (June 18,1949) when the first stake was plunged into the rocky soil of Site Three in the Nanitch area," according to the August 1952 Trail Blazer, page 1. Let the celebrations roll at the June Hike 'n' Dine!

Thank You

As many of you know I had surgery for a carcinoid cancer of the lung on Jan 14 and suffered a stroke four days later as I was leaving the hospital. About a month later after hospital rehab, I went home. Your support, cards, gifts, visits, calls, prayers, good wishes and acts of kindness have been overwhelming. It was very unexpected but very much appreciated and kept my spirits up. Unfortunately most of my time and energy is spent in Outpatient Rehab or thanks to Patty and Val, my caregivers who are with me every day, spent doing rehab at home. FOREVER THANKS TO ALL OF YOU.

Gratefully,
Virginia Fuller

Summary of Board Minutes

(Complete report on member's web page)

Trails Club of Oregon Board of Trustees Meeting

Summary April 7th, 2009

Call to Order—President Susan Saul called the meeting to order at 7:05 PM.

Approval of Minutes - March 10, 2009 Minutes were approved as written.

Administrative Assistant's Report – The new TCO Membership Handbook and Directory will be available at the banquet along with updated “Leading a Hike” and “Hiking with the TCO” brochures. The mileage for 2008 has been completed and copies sent to the trip coordinators.

Treasurer's Report

Beginning Balance	02-28-09	\$5,783.85
March Deposits		4,864.97
March Checks		-5264.09
Ending Balance	03-31-09	\$5,384.73

It was agreed that leaders would be allowed to receive checks directly for outings that have limited space. The board will remind Leaders and Hosts to promptly return their paperwork and fees to avoid accounting issues. We have received no response on the Tyee lodging tax.

Committees

Membership - Vicki presented four applications for their 1st reading. There were ten elected to membership, three reinstatements and four members resigned.

Trips – Jane reported that the Leaders Appreciation and Training Event at Tyee went very well. There was discussion about

trip coordinators connecting with new and prospective members.

Publications – Phil hopes to transition the newsletter to a different software program.

Social - Callista reported on the up coming events. There are over 100 people currently registered for the banquet, April 26th.

Lodges and Properties - There is no minimum number of reservations for a hosted lodge event. The host can choose to cancel or host when the numbers are low. The Tyee \$50 winter minimum does not pertain to hosted events. Our road into Nesika has suffered a washout near the Multnomah Bridge and the weight of the snow has caused the siding on Tyee to bulge. The Property Advisory committee will be asked to give recommendations on these issues and on the decommissioning of the oil tank at Tyee.

Conservation - It was requested that we renew our membership with FWOC and join the Forest Park Conservancy. The board approved these requests.

Unfinished Business—Art is working on the Gift Acceptance Policy and Procedure for the club.

The Investment Committee needs additional members. Susan will follow up on the suggestions.

Susan announced the nominee for the Henry Waespe Award. Positive comments were expressed.

New Business—One of our members is being nominated for a life time achievement award. Susan will write a letter expressing our support.

The meeting adjourned at 8:32 PM

Respectfully submitted by Virginia Larson

PRESIDENT'S MESSAGE

Initial data from the 2009 Outdoor Recreation Participation Top-line Report, published by The Outdoor Foundation, shows that an increasing number of Americans returned to active outdoor activities last year. The study finds double-digit increases in backpacking and close to a 10 percent increase in hiking and camping.

“Americans, once again, are finding solace and security, adventure and excitement in the great outdoors,” said Christine Fanning, executive director of The Outdoor Foundation. “During these challenging economic times, a return to affordable, nature-based recreation allows individuals, friends and families to reconnect – with one another, with the natural world and with natural values.”

This trend is reflected in the response to my offering the Women's Beginning Backpacking Class for the Trails Club. I decided to develop a formal class after three women – all long-time, very experienced hikers – started asking me a lot of questions about backpacking. They were ready to move beyond day trips on the trail.

I quickly filled the six spaces in the class and, at the time I'm writing this message, I have four more women who want to take the class!

It is really encouraging to see an increase in female participation in backpacking. These women may become important role models for young girls. Despite the overall positive trend in outdoor recreation participation, the number of youth ages 6 to 12 is down 7.6 percent from last year, with the sharp decline for girls even higher at 16 percent. This data shows that we have a continued need to focus on connecting kids and nature, particularly girls.

Thumb through the Trails Club 2009 Directory and you will notice we have less than a dozen junior members out of a total membership of more than 400. Most of those junior members are boys.

It's encouraging to see increased participation in some important recreation categories, but we need to do more to reach out to young people if we are to truly inspire and grow the next generation of outdoor enthusiasts.

The following guidelines are used for scheduling and reserving our beautiful lodges for club sponsored and general membership usage. These guidelines help assure that training has been provided for all members wishing to host an event at a lodge and that lodge availability is fair to club members.

1. Only Members in good standing can schedule and open our lodges.
2. To host a lodge event you need to have been checked out for opening and closing the lodge, request a lodge key and request current instructions from the Lodge and Properties chairperson.
3. If more than five non-members per member will be at a lodge, board approval is required to use a lodge.
4. Private groups using the lodge will allow other Trails Club members to also use the lodge when space is available.

Lodge Scheduling Procedures:

1. Check for available date(s) by contacting the Vice President or the website at <http://www.trailsclub.org> (events-lodges) 2. Events chairpersons (Winter Sports, Social, etc.) also need to clear the dates with the Vice President. 3. Contact the Vice President to schedule the lodge date. If board approval is required, the VP will make the request at the next board meeting and notify you when you are approved. The VP will notify the webmaster to put your event on the Lodges calendar
2. Once the lodge event date has been approved, it is your responsibility to submit a Blazer article to get your event on the monthly calendar.

3. A Lodge Host packet will be sent to you with all necessary forms. After hosting at a lodge the hosting forms must be completed returned, with the lodge fees, to the TCO PO Box1243, Portland, OR 97207.
